*Africa's premiere trade and information
hub for Healthcare at your finger tips...*

Discover

How to become more accessible to your
colleagues on the continent

How to drive more patients to your practice

How to earn an income while you sleep

Access to manufacturers who want to provide you
with the most practical products and services

A community dedicated to Healthcare and to you ...

Community

African Healthcare Portal is a free online community for all Healthcare professionals, offering a space for solution-focused thinking and an exchange of ideas and information

Sharing

Connect with your colleagues by creating a post, commenting or sharing a post. The post feature aims to solve everyday problems by asking “what are your thoughts on the solution?”

The research hub feature assists the researcher/student to conduct surveys/ focus groups with the relevant professionals. As a bonus, multiple research pilots may be coordinated from one online space

Grow

Online learning

The African Healthcare Portal hosts a training and development eLearning store where professionals may purchase online CPD accredited courses and material

Difficult or rare case?

A dedicated case study discussion room and library is available to promote cross exchange of knowledge and specialist expertise in the spirit of helping professionals provide the best care to their patients and to grow their own knowledge base

Masterclass

Host a masterclass and teach a unique procedure or share your experience and expertise with your colleagues who are keen to learn

Specialist expertise? Unique skill?

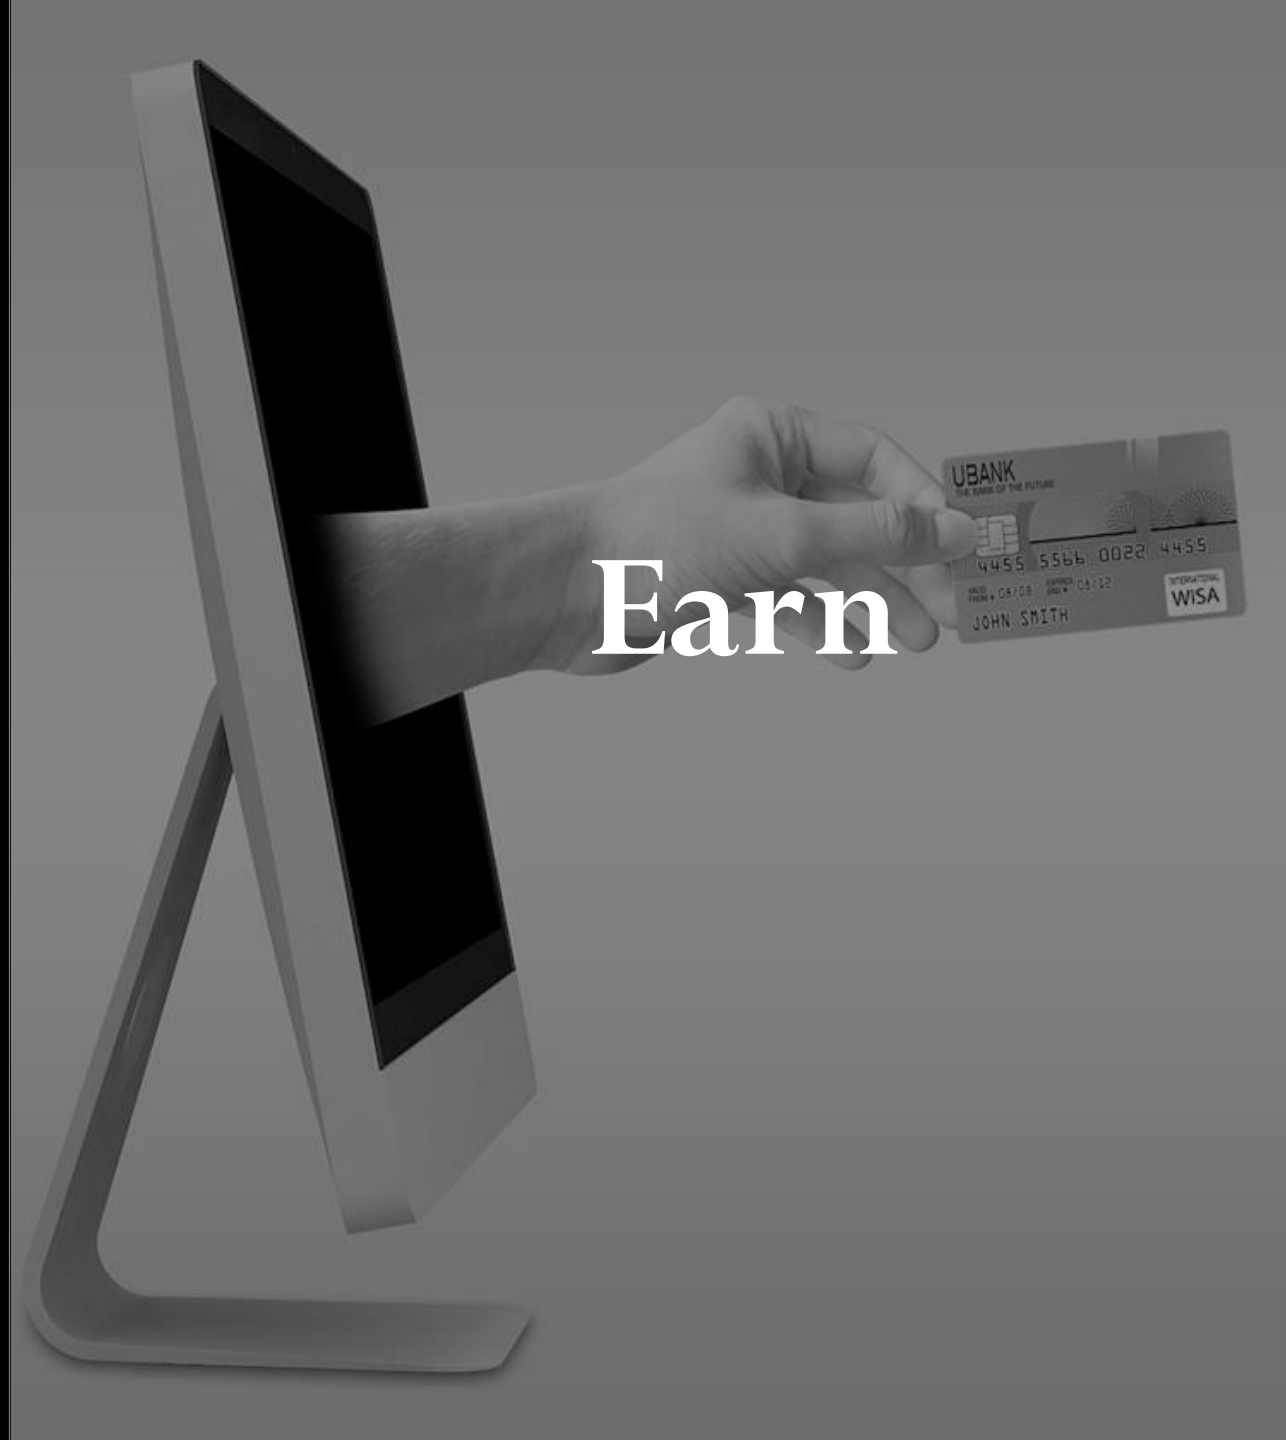

Create your own CPD accredited online course and host it on the African Healthcare Portal;

- No hosting fees
- Your proprietary
- Earn while you sleep!

Bonus: Get your free eBook when you register on to the portal: “A practical guide to developing CPD accredited online courses for Healthcare Professionals”

Want more patients?

Many patients are often referred by colleagues or other professionals; expand your professional network and engage with your colleagues, it will increase traffic to your door

Choose

Unique product or service?

Finding the best price or a worthy alternative may take time to research, rather save time and allow suppliers to come to you.

The African Healthcare portal allows suppliers to invite healthcare professionals to their product or service **SHOWCASE**, enabling interaction from any device
